- Franchise owner/operator since 2006.
- My Franchise Philosophy: To provide affordable, quality services to seniors giving them Dignity, Respect & Support, and to provide busy families with the time to spend with their loved ones.
- 15 years of experience working in the medical field including nine years with the University of Alberta Hospital. Numerous medical disciplines have allowed a better understanding of the physical and mental needs of seniors - especially those with Alzheimer's and stroke victims.
- Being the child of a disabled mother and working in many medical settings I have recognized the need for post medical care, this prompted me to become a franchise owner of Home Care Network Inc., allowing me the ability to provide our ageing population with some measure of independence and much-deserved support.
- I would appreciate an opportunity to meet with you to discuss your homecare requirements. Please contact Stevie at 780.489.1960 to arrange for an appointment.
- Here's what some of my clients have to say about my franchise's services:

*After some very unsatisfactory work from other housecleaning agencies, it was our good fortune to have contacted Stevie Day. Stevie has been overseeing the cleaning of our house for the last 2 years and we have been very pleased with the work completed. We have had no problems with time keeping or missed appointments. Any minor problems that have arisen were dealt with promptly and efficiently. We would be only too happy to recommend Stevie's Home Care Network franchise to any person. Thanks for all the hard work, Stevie.*

*Mel Mottram & Laurie Smith*
